**Esterno Sera** best screenplay at Franco Solinas Award

## SINOPSIS

Alba Malaspina, a troubled and shifty girl, leads a lacklustre life. After 10 years away, her cousin Fabrizio, who lives a long way away, turns up at her door. From the first glance, and for the first time, Alba feels she can trust someone. Fabrizio ends up staying at Alba's longer than expected. Why did their time together end so abruptly? Why did Alba wait for him and why did he not come back? Ten years of separation, for what? A secret has nestled in the dark corners of the Malaspina home. It nourishes Alba's parents' silences and Alba's own malaise. It is something Fabrizio knows and intends to reveal. However an irresistible, overwhelming love between the cousins means Fabrizio's plan ends in failure. Fabrizio betrays his mission. Alba finds her own solution.
